

ONE MOVE. SEVERAL OWNERS.

Meet Maya Khalil

30-year-old machine learning engineer, relocating from Amman to Abu Dhabi.

FICTIONAL CHARACTER AND QUOTE - NOT CUSTOMER RESEARCH

"I have the offer and the documents. I need to know what can happen next, and who actually needs to see my salary."

NEW ROLE

Machine Learning Engineer

FICTIONAL EMPLOYER

Demo Harbor AI

PLANNED ARRIVAL

18 October 2026

PLANNED START

1 November 2026

OFFERED SALARY / MONTH

AED 18,000 (not yet earned)

PRIVATE PRIOR SAVINGS

AED 52,000 (invented equivalent)

WHAT SHE IS TRYING TO DO

Maya is moving alone for her first UAE job. She enjoys weekend photography, wants a calm one-bedroom home, and hopes to focus on work once she arrives. Temporary housing gives her two weeks to settle the housing handoff.

WHY SHE FITS RASIKH

HR holds the offer and employer support. Maya holds her identity and prior-bank documents. A landlord must decide on her housing request, and a bank must confirm its own requirements. Rasikh can prepare a shared case, show each owner's next action, and ask Maya before disclosing information.

THE DEMO STARTING POINT

Offer accepted; arrival planned; no UAE account opened; residence and Emirates ID steps pending. Housing terms are requested, not approved. All external integrations and events are simulated.

SHOW THE HANDOFF AND THE BOUNDARY

How to demo Maya

Start with her documents, then move one housing request across the parties.

STORYBOARD - ACTUAL APP COVERAGE VARIES

0:00-0:15 / INTRODUCE THE MOVE

"Maya has accepted an Abu Dhabi job. HR, housing and banking each need different evidence, and someone must keep the next actions moving." Open the character page.

0:15-0:35 / EXTRACT AND CONFIRM

Use the passport text companion to extract fields. Let Maya confirm the name, nationality and dates. Point to the source text; label the result extracted, not verified.

0:35-0:55 / PREPARE THE REQUEST

Show the housing request and separate employer support letter. The bank packet remains a draft pending provider requirements and a separate approval.

0:55-1:15 / GUARD MOMENT

Stage the attempted full-offer attachment to the landlord. The demo policy denies its salary label. Maya approves only the new derived budget-fit summary plus the minimal housing packet. Her raw salary and bank figures stay private.

1:15-1:30 / HAND OFF AND STOP

Show "pending landlord review" and HR's next action. Say: "Rasikh prepares and coordinates this case; the provider keeps the decision." Any delivery/status changes are mock events.

INTERNAL CALCULATION, NOT FOR THE LANDLORD

Requested rent: $\text{AED } 84,000 / 12 = \text{AED } 7,000$ per month. Maya's invented housing budget is AED 8,000. The derived result is "within stated housing budget." It is not a credit or verified affordability assessment.

SEPARATE AGENT-RUNTIME BRANCH

Passport, bank statement and degree text companions match the separately inspected agent-runtime branch, not the main-branch scaffold. Other documents are storyboard material; offer extraction and image/PDF upload are not claimed. Metadata is not an app import, and that branch's existing fixtures remain unchanged.

GUARD IMPLEMENTATION DETAIL

The minimal summary must be a new observed derived reference before its outbound check. Never relabel a raw salary-bearing offer as derived. Housing approval gives no bank permission.

WHAT THE DEMO SHOWS

Extract these five core fields, show their source text, and ask Maya to confirm them. Parsing does not authenticate a document.

SHARING BOUNDARY

Keep the raw identity document private by default. Any landlord or bank disclosure needs its own destination-specific consent.

VISIBLE FABRICATION

This page deliberately has no national crest, official seal, photo, MRZ, barcode or signature. The passport identifier is invalid.

EMPLOYMENT / FICTIONAL OFFER

Employment offer

Issued by Demo Harbor AI, an imaginary employer used only in the Rasikh demo.

FICTIONAL OFFER - PROJECTED INCOME ONLY

EMPLOYEE

Maya Khalil

ROLE

Machine Learning Engineer

START DATE

EMPLOYER

Demo Harbor AI

WORK LOCATION

Abu Dhabi, UAE

MONTHLY BASE SALARY

AED 18,000

ACCEPTED DATE

2026-09-18

OFFER NARRATIVE

In this invented story, Maya accepts a full-time engineering role. The employer plans to coordinate her work and residence process through its HR team. The start remains subject to the applicable onboarding checks.

RELOCATION SUPPORT

This private offer also promises 14 nights of temporary housing and a one-time AED 10,000 relocation allowance. That allowance is not recurring salary and has not been paid. The separate shareable support letter omits the allowance amount.

PRIVATE SALARY EVIDENCE

Maya has not started this role, so this is an offer, not a payslip or proof of received salary. Do not send this mixed employment-and-salary document to the landlord.

INTENDED DEMO RECIPIENT

Private newcomer workspace and fictional employer only

FINANCIAL / SYNTHETIC STATEMENT

Prior-bank statement

Demo Meridian Bank is imaginary. This is a mock prior account outside the UAE.

NO REAL ACCOUNT - ILLUSTRATIVE AED EQUIVALENTS

CURRENCY AND AUTHENTICITY

Every figure is an invented AED equivalent for simple demo arithmetic. No real foreign-currency statement, conversion rate, bank account, IBAN or financial verification is represented.

SHARING BOUNDARY

Keep this statement out of the landlord packet. A future bank application is a separate, consented flow; this pack records no bank submission or approval.

INTENDED DEMO RECIPIENT

Private newcomer workspace; bank sharing not yet authorised

CHARACTER BACKGROUND

Maya has eight years of imagined software and machine-learning experience. This record makes her engineering offer coherent and gives the demo an additional reusable document.

WHAT THE DEMO SHOWS

Extract the holder, institution and degree title; then ask the newcomer to confirm the text. Any real qualification verification or attestation would be a separate process.

VISIBLE FABRICATION

No university seal, registrar signature, official accreditation claim or attestation mark appears on this page.

INTENDED DEMO RECIPIENT

Private newcomer workspace; fictional employer review only

SUPPORT REFERENCE

FAKE-SUPPORT-MAYA-001

SUPPORT IN THIS STORY

Demo Harbor AI plans to coordinate onboarding and the work/residence process, provide 14 nights of temporary housing from 18 October (checkout 1 November), and help Maya gather the chosen providers' required documents.

SCOPE OF EMPLOYER BACKING

HR confirms the invented offer and planned start. This letter is not a rent guarantee, a co-signed lease, bank approval, official immigration status, or proof that Maya has begun work.

SALARY REMOVED

Monthly salary, bank balance and the amount of the private relocation allowance are absent. The full offer stays private; this separate statement is the employer evidence in the landlord packet.

WHY THIS HOME

Maya wants her own home after employer-provided temporary housing ends. She prefers a one-bedroom apartment and needs the landlord to review her request while HR coordinates the move.

TERMS STILL TO AGREE

Four instalments are Maya's request. Payment method, deposit, fees, required documents, lease eligibility and registration steps must be confirmed with the chosen landlord. No payment or signature is represented.

MINIMAL APPLICATION PACKET

Share her name, this request, the employer support statement and the separately created budget-fit signal after Maya approves this exact packet. The landlord keeps the final decision.

INTENDED DEMO RECIPIENT

Demo Haven Rentals; simulated handoff after Maya approval

BUDGET-FIT RESULT

Within stated housing budget

PARTNER DECISION

Pending landlord review**LIMITED MEANING OF THE RESULT**

The invented rent fits Maya's stated housing budget. This is a demo calculation, not a verified income assessment, credit score, ability-to-pay guarantee or partner recommendation. Her proposed job has not started.

SIMULATED APPROVAL RECORD

On 2 October 2026, Maya is scripted to approve her name, housing request, employer support and this derived result for Demo Haven Rentals, for this one housing review. This receipt records a fictional scene; no real consent or transmission occurred.

EXCLUDED FROM THIS PACKET

Raw salary, full offer, raw savings figures, bank statement, passport number and passport image. The demo policy denies raw salary and raw bank data to the landlord; additional consent does not bypass that denial.

DESTINATION SCOPE

No bank sharing is authorised by this housing approval. Any future identity or bank packet needs its own checks and consent. The landlord may request more information and decides whether to accept the packet.

INTENDED DEMO RECIPIENT

Demo Haven Rentals only; one fictional housing review
